CIRCULAR

English Poetry Recitation Activity

Why poetry is Important?

Poems are important for children and good for adults as well. It awakens one's sensitivity and enhances creative capacity. So, why not to experience this magic in our life?

Poetry and Rhymes enhance the phonemic awareness of a child. Children reciting rhythmic poems understand pitch, tone & the volume of sound.

The Poem recitation helps to develop memorization skills. Children also learn to pick up patterns and sequences in poem recitations. It helps them to learn new languages as well. Poetry provides a relaxed and pleasing way to practice language skills.

To introduce our little ones to the world of poetry we at The Springfield Kindergarten is organizing a poem/rhyme recitation activity on **Thursday 10th October, 2019** for all classes. Parents may select any short poem of their choice and prepare their wards for the recitation.

Please note that children should recite the poem/rhyme with action. They may use props. Parents encouragement is very important for our children.

Regards,

TSK
